Gloria Hole 23 of Iron Knob in the north of South Australia loves waking on a cold and damp winter morning and trying to remember what went down at sugar the night before. So many cocktails that after a time drinking and dancing it seems the Heady Concoction went straight to her brain. She remembers a deejay who she thinks smiled a lot while he was playing. She has some recollection of smoking out the front and meeting nice people while seated at the nice scoozi tables. She knows that inevitably she will have to ring the club and speak to Ben about her articles of lost clothing, but until then...

# Kiero's tips for disco dancin'

## DANCE: #1: *The Disco Dynosoar*

KIERO BIG TIP  
DONT MISS DRILLERS  
PIG FLU PARTY WITH  
DJ KITI AND AGENT 86  
ON THE WHEELS OF STEEL

Here it is, the most basic of the disco dances. This one combines two basic steps: the Single Touch and the Double Touch steps. Try dancing the below dance pattern without pausing and without losing a beat when you change direction from sideways to forward to backward. Keep the pattern moving for as long as you like until it feels easy and comfortable, then make up your own pattern based on these two steps (and put some style into it). Good luck!

### *Pattern*

- a Double Touch Step to R and L side
- b Single Touch Step (twice sideways)

Repeat the above, dancing the forward then backward variations.

### **Recommended Practice Music:**

slow: *Stayin' Alive* (Bee Gees)

fast: *Disco Inferno* (Trammps)

COMING JUNE 7

The story so far...May kicked off in the most delightful way. A spoon full of German sugar made the medicine go down topped off with the best half hour set in the world ever by HMC to end a vunderbar night. I was informed the next day that Marcus Worgull and Justus Kohncke had the best fun in Adelaide on the entire tour. Give ourselves a big pat on the back for that and for showing them our best party faces.

Mark Walton returned mid month and rocked the club for the penultimate time. If you love Mark's work then Saturday June 13 is the night for you as he returns for the last time for a while owing to his commitments with the Taliban. On June 20 it's drillers birthday and this time he's gone with the Pig Flu theme, wear one of those masks. Extra special deejays for that night are Agent 66 and DJ Kiti all the way from Melbourne. Pretty good Ay. As usual it will be big so capacity will be limited to driller's guests and regulars. A small number of masks will likely to be available on the door. Madness will prevail that night for sure. I'm a poet and I didn't realize it. Oh and did I mention HMC will also be playing? Yeah Baby!!!

It is not the strongest of the species that survives, nor the most intelligent, but the one most responsive to change. - Charles Darwin. And with that in mind we say thanks to our dear mates who have worked together for the last 3 years on Sunday Nights. Tim and Sanjit and Phil and occasionally Gav, you did a great job for the club giving us an identity and a point of difference.

The Sunday baton is passed to a new group of spinners with style. Our Brand New Sunday night will be launched on the Sunday of the Queen's Birthday long weekend (Sunday 7th June). 'Hot Fudge Sundae' will feature Prince Aaronak, Adrian Van der Poeg and Nu Jeans. The ol good ship sugarpop is moving in a different direction entirely and we are excited as much by that as by our new stools. Cheers Nat and Simon Zappia. love your work. So check out the Sunday section of the deejay roster and remember the good times at sugar with Sanjit Tim and Phil...and there were plenty.

The Pool Comp has finally kicked off again every Monday so if the global financial crisis has hit you then become a sugar pool shark and drop in on a monday to win a few games, have some fun and walk out with a hundred bucks for your trouble. Asher is your hostess with the mostess every Monday. You even get a free drink when you are knocked out so it ain't all bad. Lachy Lang and Nu jeans are dropping the beats all over the place and they're good for a laugh.

"The only reason for time is so that everything doesn't happen at once." Albert Einstein said that. But then there are those things that arrive so perfectly on time that it seems like Divine Intervention, hence the saying "Timing is Every thing". Well The Birth of the Gay Rights movement happened in the last days of June early July 1969 at a place called the Stonewall Inn in New York. That was the point where the Gay world said enough is enough and we aint taking it any more. The best gay disco phenomenon in the midst of the disco revival is Horse Meat Disco from London. Jim and James will rock sugar on July 3. Moustache party!!

# HORRORSCOPES

WITH *Lionel Midnight*

Capricorn

ON THE MORNING OF THE THIRD DAY OF THE MONTH YOU AWAKE TO FIND YOU HAVE THE MAKINGS OF A THIRD NIPPLE. (ALL THOSE READERS WITH 3 NIPPLES CAN DISREGARD) YOU CALL YOUR DOCTOR ONLY TO FIND OUT THEY TOO HAVE A THIRD NIPPLE AND ARE IN THE PROCESS OF ERASING THE STIGMA BY BURNING IT OFF USING 'WARTNER'

*You receive an anonymous letter describing the despicable antics of your other half, it names names and you are shocked to find that one of the names on the list of shame belongs to a member of your family. You confront your partner over the contents of the letter but they dismiss it as nothing more than the lies and jealousy of a rival. You believe them and have great sex instead. The family member in question confirms all later.*

Aquarius

A turnaround in your fortunes finds you in a much better position at the end of the month than you ever anticipated at the start. You decide to celebrate by going online and finding a fabulous moustache to wear to the Horse Meat Disco Moustache Party on July 4. You pick up and for the first time in your life have dirty filthy sex whilst wearing a fake mo!

Pisces

**The economic downturn seems to be hitting your friends and associates far more than you. Everywhere you turn someone close to you is losing their job or finding it difficult to simply make ends meet. This is the perfect opportunity to really get in their face and show off just how well you are doing despite the GFC**

Aries

Your close working relationship with a business or work associate seems to be turning into something far more uncomfortable and you are not sure how to deal with the situation. You turn to a senior work colleague for a heart to heart but this little chat off the record brings far more unexpected consequences than you could ever have imagined.

Taurus

The global terrorism threat weighs heavy on your mind over the coming weeks to the point where you rethink that holiday to Bali. Your concerns regarding the Taliban in Pakistan not only rhyme but are also well founded. You express your concerns in a letter to President Obama resulting in a personal diplomatic response which seems to reassure you, at least for now.

Gemini

A neighbour's pet takes a liking to you and you invite the creature into your house and give it food and drink. This act of kindness is looked upon with deep suspicion by your neighbour resulting in competition for the beast's affections. When the matter is raised by a shopkeeper at the local supermarket you realise just how much the animal means to both you and your neighbour and how public the matter has become.

Cancer

Your dreams of becoming something of a pool shark become relevant when you enter the Monday night Pool Comp at Sugar. After finishing a close second you decide to take the bull by the horns and practice your game in order to realise your true potential.

Leo

**There are many changes ahead for Virgos over the next few weeks. Some may be life changing, you would be well advised to be ready to accept these changes and adjust accordingly. Remember that he who rejects change is the architect of decay. Embrace the new with open arms and be bold in your decisions.**

Virgo

You realise that spending all your time cooped up at home is a tried and true recipe for complete and utter boredom and frankly put, you are quite over it. You make some phone calls and much to your amusement you find you are not alone. Winter holds some fun times for the likes of a free thinker like yourself.

Libra

It is only in the depths of winter that you realise you have inside you an invincible summer and you soon notice that when in the company of good friends it is laughter which drives the winter from the human face. There is much to be said for unpeeling that extra layer.

Scorpio

ONE PART OF YOU IS HAPPY TO SIT BY THE FIRE WITH A GOOD BOOK WHILE DEEP INSIDE YOU THERE IS A YEARNING TO GO OUT AND FUCK SOMEONE. INTIMATE SCENARIOS READ FROM THE PAGES OF A NOVEL ARE ONE THING BUT THEY PALE INTO INSIGNIFICANCE WHEN COMPARED TO THE EXCITEMENT AND PASSION OF THE FIRST TOUCH, THE FIRST KISS, THE UNKNOWING KNOWINGNESS OF SEXUAL TENSION, THE QUICKENED HEART, THE TREMBLING HAND, THE EMANATING WARMTH OF THE BODIES BIGGEST ORGAN IN FLUSH, THE LIGHT IN THE EYES AND THE HEAVINESS OF THE BREATH. IT IS IN THE DARK THAT THE LIGHT SEEMS BRIGHTEST.
